

# TRAINING

**SGS** (has APPROVED the training activity of CONAPRO SL. Under the safety standar of wind energy sector, Basic Safety Training (BST) stablished by the Gobal wind organisation (GWO) and accepted by the wind energy sector as Single Standard that regulates the need for basic training.

This standard of training consists of 5 modules which have been certified 4: Height, Manual Materials Handling, First Aid and Fire Fighting. Upon completion of the modules BST, attendees will be aware of the risks encountered when working in the wind industry, and how to control and mitigate those risks.

# COURSE FIRE AWARENESS.

The BST will also provide participants with the knowledge, skills and confidence to respond appropriately in an emergency and to improve safety through proper use of emergency procedures and equipment.

Here are the details Module Fire Awareness:

## OBJETIVE

The objectives of this course is to provide participants with the basic knowledge and skills through training and education, prevention and fire fighting:

- Make an initial trial and a proper assessment of a fire.
- Manage the evacuation of staff to ensure that all are evacuated
- Define charge of security in the event of a wildfire
- If deemed to be safe, perform the operations to extinguish a fire starting equipment using hand fire extinguishing.

## CONTENTS

The total optimal for this module Fire awareness time is estimated at 4 hours including lunch and breaks.

	LESSONS
1	INTRODUCTION
2	LEGISLATION
3	COMBUSTION PROCESS AND
4	FIREFIGHTING
5	FIRE PREVENTION
6	FIRE EQUIPMENT IN A WIND
7	PRACTICE OF FIREFIGHTING
8	EVALUATION

# COURSE FIRE AWARENESS. MOD. 3 GWO.

**Center:**

CONAPRO

**Site:**

Pol. Ind. Ampliación Morea Sur Nave D3  
31191 (Berain)

**Audience:**

Specialist working in the wind industry or related areas needing to obtain your certificate GWO BST Fire Awareness

**Duration:**

TOTAL: 4h.

**Certification:**

Grants competition for use of safe and effective equipment firefighting in a wind turbine efficiently and without risk of injury, according to the Standard GWO.

**Program:**

Theory: 2,67 hours  
Practice: 1,33 hours

**Facilities and equipments:**

The following equipment is required to meet the needs Module Firefighting:

- Hand extinguishers dry chemical, CO2 and water.
- Fire blankets.
- Simulator different types of fire.
- Personal Protective Equipment (PPE).

**Validity:**

24 MONTHS.

**Modes of delivery:****CALL CLOSED COURSE:**

Dates set by CONAPRO.

Minimum number of students required:4

**FREE COURSE:**

Availability of dates to be determined with CONAPRO SL.

Training courses adapted to the need of Company/Students.

**Quotation:**

The rate of this course depends on the method and impartation and the number of students attending.
