

# TRAINING

## BTT ELECTRICAL MODULE

CONAPRO since 2019 has been APPROVED by SGS for the delivery of the GWO BTT technical training Standard, (Basic Thechnical Training Standard) for the Wind Sector established by the GWO (Global Wind Organization) and accepted by the Wind Sector as the Unique Standard that regulates the need Basic Training for technical tasks.

This training standard is composed of 3 modules Hydraulic, Electrical and Mechanical. This BTT Training shall enable Delegates to be able to perform basic hydraulic, mechanical and electrical tasks under the supervision of an experienced technician.

This course will not make the Delegate a trained person who is allowed to perform electrical work without supervision.

### OBJETIVES

At the end of the training action, students will be able to:

- Understand the basic fundamentals of electricity.
- Identify the risks and dangers associated with electrical work.
- Know the function and symbols of electrical components.
- Identify the function of the different types of sensors.
- Interpret a simple electrical circuit and demonstrate how to assemble it.
- Carry out correct and safe measurements.

### COURSE PROGRAM

- Introduction to electricity:
- Electrical Safety
- Electrical components
- Sensors
- Electrical circuits
- Electrical measuring instruments.
- Theoretical test
- Evaluation

# BTT ELECTRICAL MODULE

**Center:** CONAPRO

**Located:** Pol. Ind. Ampliación Morea Sur Nave D3  
31.191 (Berain) Navarra.

**To:** Specialist working in the wind industry or related areas  
needing to obtain your certificate GWO BTT ELECTRICAL.

**Duration:** 10h.

**Certification:** Grants competition for use of safe and effective the  
electrical works in a wind turbine efficiently and  
without risk of injury, according to the Standard GWO

**Program:** Theory: 8 h  
Practice: 2 h

**Facilities  
& equipments:** Covered space for practice  
Training room with capacity for 20 students

**Validity:** Does not expire.

**Delivery  
modalities:** **CALL CLOSED COURSE:**  
Dates set by CONAPRO.  
Minimum number of students required: 4  
**FREE COURSE:**  
Availability of dates to be determined with CONAPRO SL  
Training courses adapted to the need of Company/Students.

**Quotation:** The rate of this course depends on the method and  
impartation and the number of students attending
